Key Insights

1. Total Revenue : 1.14M generated from 500 orders
2. Total Quantity Sold : 2K Units
3. Average Sales Per Order : 2.29K
4. March Recorded the highest sales month with 7.58K sales.
5. Gadgets category contributes the largest share of total revenue (around 50%)
6. Speaker is the top performing product with sales 169K
7. Camera is the second performing product with sales 167K
8. Laptop is the lowest revenue among the listed products. (around 120K)
9. Sales remained relatively stable from January to April, but a noticeable decline appears in the trend chart.
10. Card payment appear to generate higher revenue than Cash, Net Banking, and UPI in most months.

Business Recommendations

1. Focus marketing efforts on Speaker and Camera products as they drive the highest revenue.
2. Investigate why Laptop sales are comparatively lower.
3. Promote digital payments offers on card transactions since they contribute strongly to revenue.
4. Analyze the recent decline in sales and identify seasonal or operational factors.

Conclusion

The business generated 1.14M revenue from 500 orders, with Gadgets being the highest-contributing category. Speaker and Camera are the top-performing products, while March achieved the highest sales. Focusing on high-performing products and addressing the recent sales decline can help improve future revenue.
